Presenters Love Life As Art

“Your ‘Dancing Stories’ program was absolutely marvelous!! The audience was enthralled!! You tell the story and how the actions intertwine with the meaning; portray the music and showcase the instruments beautifully. The interaction with the audience that you infuse into your program is energetic and creates that wonderful feeling of joy and community that you give to everyone.”
— Alleghany County Arts Council

“Thank you so much for a delightful and educational workshop on Friday! Everyone including my principals had a wonderful experience.”
